

- 2. Vaughn & Borders. **Ku Lee's Milata O'Honeybear** - Pale fawn with black muzzle. Lovely big shining eyes, set in a wide shallow browed face. Sweet feminine expression, well placed ears. Low to ground with enough loin, moving and showing to please. A. close decision, just lost to above on overall substance by a quality exhibit.
- 3. DeLaPaz. **Emerlin's Crystal Rainbow** - Grey brindle in big coat. Nice little bitch that moved and showed willingly. Slightly round in face and again not the overall substance.

American Bred Bitches (2)

- 1. McDonald. **Elphasun Will-Be Ha'Penny** - Red bitch with great bone and substance throughout. Big head, short neck, level back. Big spring of rib, good tail set. Solid and firm through, she moved and showed very steadily and well.
- 2. Wagensomer. **Mel-O-Dee of Karmelot** - Red brindle with thick black fringes. Lovely expressive eyes and good open nostril. Unfortunately very nervous on the move and so did not make the most of herself, but has some quality.

Open Bitches 8 Lbs. & Over (Fawn, Biscuit, Grey, Red & Sable) (8)

- 1. Jackson. **Fourwinds Lyrica** - Pale fawn with black muzzle and excellent pigment. Big eye with pleasing black eye rims. Low to ground, enough loin, level back, good tail set. Well balanced with everything in proportion. Moved and showed very steadily and well. Not in her best clothes, but in nice bloom and well presented. **RESERVE WINNERS BITCH**
 - 2. Voyles & Casper. **Kolari Bee Dazzled**
 - 3. McDonald. **Nevon's Rosette**
 - 4. Duit. **Montcrest Molly at Londu**
- Regret no report on the above 3 in this class due to tape failure.

BOB COMPETITION (23)

BOB - Stroomke. Ch. Lon-Du Dee Black Samson - Small black dog which really filled my eye. Beautiful shallow browed head - widest face with perfect layout of facial features, and really dark wideset eyes in that dark face. Lovely finish of mouth, flat topskull, well placed ears and nice fringes framing his enchanting expressive face. Short neck, wide front, low to ground, good round rib, level back, defined waist, good tail set. Firm to handle, and everything in proportion. Movement correct, in full coat, he won on outstanding quality, type and balance - as used to be said multum in parvo.

BOS - Borders. Ch. Dynamite O'Honeybear - Fawn/grey brindle bitch with black face and well placed facial features. Flat topskull and well placed ears, dignified expression. Short neck, broad front, heavy solid shapely body, defined waist, high tail set. Excellent leg bone and firm and solid all over. Moved and showed very well. In good coat of correct harsh texture which fits her shapely body well. A good sized substantial bitch that pleased very much overall.
